PROFESSIONAL EXPERIENCE

Associate Attorney General, 2009 – Present
COMPANY NAME, City, ST

Litigator for heavy caseload of recipient provider, and appears in Office of Administrative Hearings. Negotiate Medicaid privilege settlements between petitioners and State of Maryland. Conduct extensive first impression research, locate and interview expert witnesses, and draft comprehensive documents including appeals, briefs, and proposed orders. Respond to client inquiries to Attorney General's Office on medical law, regulations, and policy. Represent state in Superior Court in defense against petitioners' judicial review when administrative appellate process fails.

- Independently manage 20-25 cases per week.
- Appear in court on weekly basis; won more than 90% of cases to-date.
- Serve as State of Maryland representative in formal hearings, defending Medicaid system and privileges to advocate state contractor decisions.

Associate, 2008
COMPANY NAME, City, ST

Provided defense in multi-million dollar medical malpractice claims for large-scale hospitals and health care providers, including all employees and agents. Drafted litigation motions and briefs to Superior Court and Industrial Commission. Developed first impression arguments, summary judgments, dismissals based on Rule 9(j), improper venue, and various other complex procedural documents. Designed mediation PowerPoint presentations, submitted discovery to plaintiffs, and responded to comprehensive interrogatories, requests for production of documents, and requests for admissions.

- Handled more than 10 multi-million dollar cases simultaneously, with as many as 15 expert witnesses per case.
- Identified, organized, interviewed, and prepared expert witness teams for defense, including pediatric neurosurgeons, pediatric cardiologists, Level I trauma surgeons, neurointerventional radiologists, pharmacological toxicologists, and other highly specialized medical professionals.
- Researched and compiled innovative medical literature for defense support; gathered medical documents, pertinent facts, and county demographic data in compliance with Rule 702.
- Developed "big picture" defense theme to effectively represent hospital as whole unit in each case.

Associate, 2003–2004
COMPANY NAME, City, ST

Held supervisory role for medical investigation team in defending national tort litigation against Fortune 500 pharmaceutical company/manufacturer of flu shots and childhood vaccines containing thimerosal. Defended *inter alia* claims of autism resulting from vaccines. Composed litigation motions and briefs, including documents required by Federal Vaccine Courts such as change of venue, summary judgment, *in limine*, and Daubert motions. Completed witness interviews and depositions. Researched statute and case law for question-of-law memorandums. Represented commercial real estate companies in landlord-tenant relations issues, construction law queries, and breach of contract and subcontract allegations.

- Compiled research from sources world-wide to assist in formulating in depth national defenses and rebuttals.
- Interviewed neurologists and organized national team of experts for pre-trial preparation.

Full-time Contract Attorney, 2002–2003
COMPANY NAME, City, ST

Contracted through Company Name to serve on team for nation-wide toxic tort claim. Took depositions and prepared extensive trial materials including motions, oral arguments, and evidence documentation for use in court. Gathered, interpreted, and reviewed complex medical, real property, and product records for accuracy.

- Personally interviewed thousands of plaintiffs and analyzed bodily and property damage claims.

Associate, 2000–2002
COMPANY NAME, City, ST

Managed national products liability cases for Fortune 500 companies. Drafted motions for summary judgment, motions *in limine*, and motions to dismiss. Conducted client interviews and thorough internal company investigations.

- Effectively coordinated with national and local counsel and expert and fact witnesses to meet all litigation deadlines.
- Strategized effective uses and jury presentation of scientific material in court.

Summer Associate, 1999: COMPANY NAME, City, ST
Summer Associate, 1998: COMPANY NAME, City, ST
